

## FOREX ACCOUNT MANAGEMENT SERVICE PROPOSAL

Dear Sir/Madam,

Thank you for your interest in our **Account Management Service**, designed to help investors participate in the global financial markets with safety, transparency, and consistent growth.

Our trading approach prioritizes capital preservation, steady profit generation, and strict risk control. Through a hybrid model, all analysis and confirmation are carried out manually for higher precision, while risk management is automatically enforced by our proprietary Expert Advisors hosted on a secured server. This ensures disciplined trading without emotional bias.

### **Risk Management Policy**

To maintain transparency and investor confidence, every account under our management operates under the following structured rules with professional monitoring and evaluation:

1. Monthly Profit Target: 2% – 5%+ potential return
2. Maximum Risk Exposure: 1% per trade
3. Weekly Drawdown Limit: 3% maximum loss per week
4. Overall Loss Threshold: Trading stops automatically if total loss reaches 10%
5. Manager's Remuneration: 10% to 40% of net profit earned on monthly basis
6. Manager's Liability: 50% of any loss exceeding the 15% to 30% threshold

These parameters ensure that your funds are traded with discipline, accountability, and a clear framework for both profit sharing and loss limitation.

### **Broker Partnership**

All trades are executed through our trusted partner broker, CapitalXtend LLC, based in Limassol, Cyprus, and regulated by the Financial Services Commission (License No: GB23201599).

### **Key broker highlights include:**

- \*Client Deposit Insurance: Up to \$1 million per client insured by Lloyd's Insurance
- \*Physical Nigerian Offices: Located in Abuja and Lagos for local support
- \*Trading Conditions: Industry-leading low spreads, swaps, and commissions

This partnership guarantees a transparent trading environment, regulatory compliance, and full fund security and capital access by the principal account holder not the trader or manager.

<b>THRESHOLD &amp; PROFIT SHARE TABLE</b>			
<b>Capital Range</b>	<b>Threshold</b>	<b>Investor Share</b>	<b>Manager Share</b>
\$10,000 to \$49,999	30%	70%	30%
\$50,000 to \$99,999	25%	75%	25%
\$100,000 to \$249,999	20%	80%	20%
\$250,000 & Above	15%	85%	15%
System Setup and Virtual Server Maintenance cost \$500 only per Annum			

Our priority is to grow your investment steadily while protecting your capital through strict risk management and proven trading expertise. We are committed to maintaining transparency, accountability, and consistent performance across all managed accounts.

We look forward to the opportunity to help you achieve your financials goals by managing your portfolio and delivering measurable, sustainable results beyond traditional banking options.

**Acknowledgement**

I, \_\_\_\_\_ (investor) have read and understood the terms of this Account Management Service. I acknowledge that forex trading involves risks and that profits are not guaranteed. I agree to the stated risk management rules, profit-sharing terms, and liability structure, and authorize the trader to manage my trading account under these conditions.

I understand that all funds will remain in my control with CapitalXtend LLC, and the Trader will have trading access only for executing trades within the agreed limits mentioned above.

This agreement takes effect upon creating a broker account, funding the account and signing this document. The contract may be terminated by either party with written notice.
